Bill, Sally and Family,

Thank you for opening your home to our neighborhood for the annual CCA Holiday Social. Attendance has increased every year, but many agreed that this year saw the highest participation! Your willingness to host was a welcome kickoff to the season and a chance for many of us to catch up with friends and neighbors we haven't seen in awhile.

While your contributions to our community are many, sharing your home with our friends was an especially nice gift.

Thank you,

David Erickson  
President, Campus Community Association of Naglee Park
